

ATTENDANCE: (Name with Title)

Beth Dayton, M.D.
 Arnella Hennig, M.D.
 Thomas King, Imaging Coord.
 Mark Magilner, M.D.
 Kathleen Scanlan, M.D.
 Andrea Petrone, SCI Program Coord.
 Jodi Phillips, Registry Supervisor
 Natasha Tiffany, M.D.
 Ted Williamson, M.D.
 Kathy Wolfe, RN, BSN, CBCN

EXCUSED::

Steven Taylor, Cancer Service Line Director
 Beverly Smith, RN, OCN, Manager, Cancer Services
 Nancy Boutin, M.D., SCI Medical Director
 Larry Konick, M.D.
 Alison Smith, M.D.
 Jaime Nichols, Interim Dir., Women's/Children's Services
 Dann Leonard, M.D.
 Rajan Nair, M.D.
 Carol Plews, Imaging Manager
 Joseph Contino, M.D.

cc: Aaron Crane, Chief Financial Officer
 Matthew Gordon, M.D.
 Christine Clark, M.D.
 Gloria Marlowe, M.D.
 Eric Laro, M.D.

Issue	Findings/Discussion	Dr.	Recommendation/Action	Follow-up Outcome
Old Business				
Door to Diagnosis	<ul style="list-style-type: none"> Time span from initial screening mammogram to diagnostic imaging Update: Time span from diagnostic imaging to biopsy Electronic gathering of data imperfect & some manual reporting still required; length of time impacted by patient choice, waiting for outside films, reasons beyond Hospital control; need to adjust time for weekends Would be helpful to compare Salem Hospital to outside facilities in Salem West Valley Hospital just getting on board for data capture 	Thomas King	<ul style="list-style-type: none"> Consider including only 'business days' (not weekends) when formulating standards TK: Work on coordination of all codes for accuracy of data gathered monthly; update Breast Care Coordinator monthly & Breast Committee quarterly For Registry monthly reporting(clinical dashboard): "Door to Diagnosis" not definitive/ meaningful; discontinue 	
Family Practice / Gynecology Physician Representatives on Breast Committee	<p><u>Gyn</u> T. Kahan, MD Lavena Morgan, MD Sheila Goldsworthy, MD Patricia Peterson, MD</p> <p><u>Family Practice</u> Andrea Lind, MD Jared Eller, MD Dr. Cooley, MD Michelle Rasmussen, MD Anne Wild, MD</p> <p>Discussion: Compose an invitation letter</p>	Beth Dayton	<ul style="list-style-type: none"> KW to draft an invitation letter to Drs. Goldsworthy and Kahan for gynecologic representation KW to draft an invitation letter to Drs. Cooley & Lind for family practice 	
MRI Guided Biopsy	<ul style="list-style-type: none"> MRI-guided biopsies are now being done at Salem Hospital 	Kathleen Scanlan	<ul style="list-style-type: none"> Not a routine procedure; expensive; used only when targeted ultrasound not feasible 	
NAPBC Application: Update	<ul style="list-style-type: none"> Application submitted Closest accredited breast centers: Celilo Cancer Center in The Dalles & a center in Bellingham, Washington 	Beth Dayton	<ul style="list-style-type: none"> A physician from Washington assigned for Salem Hospital survey 	

Issue	Findings/Discussion	Dr.	Recommendation/Action	Follow-up Outcome
Physical Therapy (PT) Prospective Study	<ul style="list-style-type: none"> ▪ Discussion: How to gather required information & assess the resources necessary to accomplish this. ▪ Ask volunteers to call patients 3-4 weeks after axillary/breast surgery & inquire if they were referred for a physical therapy evaluation. 	Beth Dayton	<ul style="list-style-type: none"> ▪ KW: Work with TK to gather reports of mastectomy and axillary dissection patients. ▪ KW: Will draft specific questions & initiate calls to patients using volunteers. ▪ BD: Educate surgeons at the surgical section meeting; for consistency, consider referral of patient to PT when drain removed. ▪ Possibility of a grant for initiation of an exercise program at Salem Hospital. 	
Axillary Ultrasound Protocol (See handout)	<ul style="list-style-type: none"> ▪ Protocol drafted: <ul style="list-style-type: none"> ▪ Define/differentiate patients needing FNA vs core biopsy. ▪ Replace words 'level 1 lymph nodes' with 'axillary lymph nodes'. ▪ Remove reference to size of largest level 1 node (3a). ▪ Specify method of communication of results. 	Kathleen Scanlan & Kathy Wolfe	<ul style="list-style-type: none"> ▪ KS/MM: Radiology and pathology to edit, clarify, & fine tune the process for axillary ultrasound for efficiency & expediency. ▪ BD: Update surgeons on axillary ultrasound at surgical section meeting. 	
Certified Breast Sonographer	<ul style="list-style-type: none"> ▪ It was moved and seconded that Salem Hospital Imaging needs a certified breast sonographer. 	Kathleen Scanlan & Beth Dayton	<ul style="list-style-type: none"> ▪ It is the recommendation of the Breast Committee that a certified breast care sonographer be employed in Imaging at Salem Hospital. 	
Tomosynthesis (See handout)	<ul style="list-style-type: none"> ▪ Review article 	KS	<ul style="list-style-type: none"> ▪ Tabled 	
NEW BUSINESS				
Timing of Oncotype DX Testing	<ul style="list-style-type: none"> ▪ Discuss feasibility of getting Oncotype DX testing prior to medical oncology consultation. 	Natasha Tiffany	<ul style="list-style-type: none"> ▪ Patients to be referred to Medical Oncology one week postop to begin the testing processes necessary for earlier initiation of chemotherapy if indicated. 	
Preventive Mastectomy of Little Use (See handout)	<ul style="list-style-type: none"> ▪ FYI 			
NEXT MEETING:	<ul style="list-style-type: none"> • May 13, 2010
